

## Come to the Annual Meeting, Elections, Picnic and Bridge!

**I**T'S ANNUAL MEETING, awards night and election time once again. We'll gather starting at 5:30 p.m. at the Knights of Columbus Hall (KOCH), 5115 Little Falls Road in Arlington on Thursday, May 11. The evening will start with a picnic dinner, which is free for NVBA members (\$7.50 for non-members). Voting will take place during the meal, which will be followed at 7:00 p.m. by the Annual Meeting. Following the Treasurer's report and a "State of the Unit" report from the President, new Life Masters will be recognized, and the NVBA President will present the Mini-McKenney and Ace of Clubs awards in each category, as well as the trophies for NVBA Man and Woman of the Year, the Rush Buckley award, the NVBA Rookie of the Year, and the third annual Dave Murray award.

After the annual meeting ends, circa 7:30 p.m., the ninth annual Pat Eyman Strawberry Pairs will be held. It will be a Strataflighted Unit Championship Charity game. Flight A/X (3000+/0-3000) will be a separate game from the Flight B (500-2000)/C (0-500) game. We will also run a 0-199 game. The fee for the charity game is \$8.00.

The offices of Vice-President and Treasurer, plus two Executive Director positions are up for election. All candidates who have not yet declared their candidacy must have a petition signed by 20 NVBA members submitted to the

## President's Message

By Leo Cardillo

**W**OW! FOUR HUNDRED eight and a half tables! That was the attendance at the NVBA William Poissant Memorial (Sectional) Tournament that was recently completed at the Knights of Columbus on 26 February. The old timers amongst you will remember the days (1980's?) when NVBA Sectional attendance numbered in the four hundred tables. But the Washington area has experienced long-term erosion in attendance and, by the late 1990's, Sectional attendance was more typically 300 tables. As I have written in previous columns, Sectional profits are the mainstay of the NVBA profitability. The Unit and more recently established 199er games at Beth El are improving in attendance and profitability, but it is the Sectional profitability that sustains the NVBA. The NVBA Board and many volunteers have worked very diligently to improve the quality and quantity (read table count) of NVBA events, and that hard work has paid handsome returns. Sectional attendance has steadily increased over the last three years, often flirting with the magical 400-table level. Well, the flirtation is over and the romance is in full bloom! This increased attendance is doubly important as increases in rental charges at the Knights of Columbus, Director fees, ACBL sanction fees and other operating expenses continue to challenge the ability of the NVBA to keep income on an even keel with costs. Nonetheless, I am confident that the NVBA is on the right track and will continue the successful trends of recent years.

Beyond the increased attendance at all of the NVBA games, I am also happy to report that the NVBA has firmly established a reputation for increased friendliness at the table. I don't have to tell any of our members that bridge is a competitive game and one that often generates a considerable amount of tension at the table. Several years ago, the NVBA Board began a Zero Tolerance (ZT) initiative to further encourage skillful and sportsmanlike competition at the table. Two years ago, we established the annual Dave Murray Award (DMA) to recognize that player who best demonstrates the high degree of skill and excellent attitude and behavior that characterized the play of Dave Murray. There are many ACBL awards that recognize the skill and master points acquired by a player or team, but only the DMA and the Goodwill Award recognize the qualitative skills of a great player, as well as the quantitative skills. The first DMA was given to Andy Gabrilovitch, a contemporary of Dave Murray. Last year, Janet Gookin was honored as the recipient of this coveted trophy. I look forward to the Annual Meeting this year and the ceremony honoring the third annual recipient of the DMA. In addition to the DMA, the Board published the ACBL ZT Policy in the July 2005 Newsletter. Subsequently, the NVBA published an article (October 2005 Newsletter) on the Recorder position and function, as written by Jeff Roman, the NVBA Recorder. More articles will follow on the Conduct & Ethics Committee and its purpose and function. More recently, ZT cards have been added to the bid boxes as a friendly reminder and posters have been created which articulate the ACBL ZT policy and encourage skillful and friendly competition. These posters are prominently displayed at all NVBA events. In accordance with ACBL recommendations, the Directors will routinely issue a ZT reminder at the beginning of an

event, and will award board penalties as appropriate for violations of ZT behavior. I know that there will always be the potential for behavioral issues at the table, but the NVBA Board will continue to encourage and articulate a ZT environment so that all players can enjoy the most competitive and the most friendly bridge environment.

As you read this column, the NVBA will be approaching the Annual Meeting—11 May 2006—and the annual elections. A year ago in this column I wrote in detail about the Board positions, the incumbents and the election process. I noted that the Board had been downsized to nine positions, four Officers and five Executive Directors. In accordance with established policies, the positions of Vice President (Margot Hennings) and Treasurer (Dale Dallaire) will be up for election this year, along with the Executive Director positions currently held by Kathryn Kiley and Eugene Schuyler. Gene was appointed as a temporary replacement for Scott Merritt, who moved with his spouse to accept an assignment in Africa. Gene has done an outstanding job on the Board and will continue to serve as the NVBA Business Manager, but will not seek re-election to the Board. The Nominations Committee (NC) consists of Paul Krueger and Marge Gazzola. The NC is charged in the By-Laws to “prepare a slate of officers and executive directors to be placed in nomination by it at the annual meeting of the members”. Additional nominations may be made by the members of the Association if such candidates submit a petition signed by 20 NVBA members in good standing to the Nominating Committee or NVBA Secretary (Marge) at least 14 days prior to the Annual Meeting to have their name placed on the ballot. Else-

where in this newsletter you may read the names and brief biographies of this year's candidates for election. I encourage all of you to take an active interest in the election process and to consider running for a position on the Board. Elected Board members serve two-year terms. Many of the Board members typically serve a number of terms, but there is always room and a need for fresh troops to help carry the ball. Elected or not, you will enjoy the opportunity to serve the members of this marvelous NVBA and this fantastic card game that we all cherish.

The **second anniversary party** for the Novice or 199er Game was held on 9 February and was a HUGE success! Ron Kral, the NVBA Novice Sponsor/Champion, did a terrific job in gathering superb food, door prizes, raffle prizes and free plays for all! The table count was 13.5 tables, as I recall, and the Novice tables spilled over into the Open Game Room! The entire NVBA Board is delighted with this continued strong attendance in the 199er ranks, an attendance which is vital to the future of the Unit Game. Good show, Ron!!

Finally, I'd like to mention that Jennifer Lin has accepted the position of Youth Advisor (YA) on the NVBA Board. Jenny replaces David Banh, who served when the position of YA was first established, and did a fantastic job before he left for full-time attendance at the University of Virginia. Jenny has worked for years in promoting youth bridge playing, including national level activities. The entire Board is delighted at having such an expertly qualified and enthusiastic replacement for David to continue the vital job of supporting and increasing youth participation in the bridge world. Welcome, Jenny!!

See you at the tables!!

## The Jack of Hearts

by Marshall Kushner

**G**ETTING OLD really sucks. Yeah, yeah, I know, it beats the alternative. But, really, what else does it have to recommend it? Okay, senior discounts. I can get into a \$9.50 movie for \$6.25. Tell you what. Let me pay \$9.50 and be young. What else? I'm sorry. I don't hear as well as I once did. Did you say something? Didn't think so. Of course, one of the worst things about being old is that you can remember being young. You can recall in great detail the things your body used to be able to do. Maybe if memory were the first thing to go, it wouldn't be so bad. The other thing that's so annoying is realizing how much the world has changed since you were young.

Take sports. For many years, John Ramsey was the public address announcer at Dodger Stadium in Los Angeles. Mr. Ramsey was not only blessed with a sonorous baritone, he understood announcing. He understood that sound traveled at a speed measureable in human terms. He understood that the sound of his voice emanating from speakers throughout a vast stadium would take a second or two to dissipate. He understood that if he spoke too quickly, his words would mingle with the lingering sound of the preceding ones. So you'd hear him say, "Now batting...for Los Angeles...number five...Manny...Mota". And the crowd would go crazy, not because of Ramsey's delivery, but because they knew that Mota was the most prolific pinch hitter in the history of the sport. Move that scenario up to today and you'll hear, "Now batting for YOOOOOUR Los Angeles Dodgers, MMMAAAaaaaaannNNNEEEE MMOHOHO-HOHohohohohotahtahtahtah. What? I'm supposed to get excited because you took five minutes to tell me the guy's name? Fans today don't know Manny Mota from Manny, Moe, and Jack but they go crazy because they know they're supposed to.

Take horse racing. Used to be you'd go to Hollywood Park on a Thursday and hear two guys next to you talking about whom they liked in the fifth race. Middle of the week, ordinary race and they're arguing about Bounding Main versus Pirate's Cove. They know all there is to know about these horses. One guy likes Bounding Main because he won for him the previous winter at Santa Anita, while the other guy is telling him that he can't be emotional about such matters and that analysis clearly reveals Pirate's Cove as the superior nag on this day. Make that same trip to the track today when we have exactas, trifectas, superfectas, pick threes, fours, and sixes and what do you hear? "I'm gonna box the 1-4-8-9 in the tri, how about you?" The horses no longer have identities, they're just numbers.

Now lest you think this a bridgeless rant, let's compare bridge then and now. How many points did you win last year? I bet most of you can tell me to within half a point. That's what folks care about today, and it's hard to blame them. Points have become the thing. Go to Gatlinburg and you can win 50 masterpoints if you win the fourth bracket of one of their 25-bracket knockouts (KOs). Clearly, KOs and stratified events have been good for business so it's really hard to argue, but it wasn't always that way. Used to be you'd

NVBA Secretary Marge Gazzola no later than April 27 in order to get their name on the ballot. Only members present at the Annual Meeting may vote.

The picnic dinner, the annual meeting and awards to our top players in all categories, the election, and bridge will make this a fun evening for everyone. Please join us!

The Candidates for NVBA Officers and Executive Director positions are:

**Margot Hennings**

*Candidate for Vice-President*

I have served on the NVBA Board continuously since September 1989, and was appointed to the position of Vice-President in June 1998 when that office became vacant and assumed the Presidency in the fall of 1999 when then-President Barry Connors passed away suddenly. I served as President of the NVBA from 1999 through May 2001, and again as Vice President from 2004 until the present. I have also served as NVBA Tournament Chair since May 1989, and co-chaired the 1993 Summer Nationals, seven 4th of July Regionals, and over 70 NVBA Sectionals as well as chaired the 2002 Summer Nationals held at the Marriott Wardman Park in Washington, D.C.

An avid bridge player, I love to organize and entertain, and want to ensure that the interests of all levels of players are represented in the actions taken by the NVBA Board and its officers, and that the players themselves work to support bridge in our area. As Vice President, I would like to see that the initiatives begun by NVBA President Leo Cardillo—in particular, the Intermediate/Newcomer Pro-

gram, the concept of Guaranteed Partners, and emphasis on a pleasant playing environment—continue to thrive and receive the support they deserve from both the Board and all NVBA members, and will work to support this.

**Dale Dallaire**

*Candidate for Treasurer*

It wasn't long after I arrived in Virginia from Michigan, where I served as Treasurer and Tournament Coordinator of District 12, that I began serving on the NVBA Board as a replacement for the previously elected Treasurer. I have been on the Board in this capacity for over a year now and would welcome the opportunity to continue serving in this position. I have also helped out as Partnership Chair at Sectionals and am running an Open bridge game in Reston on Friday afternoons. As you can see, I believe bridge is more than a game and I like to be very involved.

**Kathryn Kiley**

*Candidate for Board of Directors*

I am completing my third term as a Board member and hoping to be reelected to a fourth term. As co-chair of all tournaments run by the NVBA, I hope to continue running player friendly games that encourage all levels of players to participate. Attendance at our sectional tournaments is increasing at a steady pace and we'll work hard to continue that trend. I encourage each of you to continue your involvement in playing bridge so all of our games can thrive and prosper.

**Carole Grob***Candidate for Board of Directors*

I have been involved in bridge in the Northern Virginia area for some time now. I run two “atmospheric friendly” bridge games at the First Presbyterian Church in Ballston in Arlington, VA and am currently serv-

ing as the Hospitality Chair for the NVBA's Thursday night Unit game. I was elected last year as a District 6 representative to the Mid-Atlantic Bridge Conference, and feel I could better represent the District if I serve on the local Unit Board, as well as being able to provide the Board with the benefit of my experience and knowledge of what it takes to run successful bridge games in northern Virginia.

**Jack of Hearts** - continued from page 5

go to a sectional and you had two choices: open game or side game. If you played in the open, you had little chance of success, but folks did it for the experience. Back then masterpoints weren't as cherished because there were no points to speak of. You had to play in a tournament and do well to get something with a number to the left of the decimal point. But you'd hear giddy players saying, “You shoulda seen who we played today. In the second round we played Smolen and Grabel, two rounds later we faced Chernoff and Fox, then the Portugals. I'm telling you it was like playing the 1927 Yankees.” My friend Edie, once got a top board against Barry Crane by leading a trump. Though not normally effusive, Crane complimented her and told her it was the only lead to beat him. She never made LM but she cherished his words to her dying day. I know, I know. Who was Barry Crane? Never mind. Just box the 1-4-8-9.

## Attention: New Duplicate Bridge Players

The Northern Virginia Bridge Association (NVBA) has decided to offer all newcomer bridge players a new opportunity to play, meet new people and improve their skills.

**EVERY** Thursday night there will be a **FREE** game for any player with less than 5 masterpoints.

The game will be held at the NVBA unit game at Beth El congregation, 3830 Seminary Road, Alexandria, VA, 22304.

We have a short lesson at 6:30 (come if you want), and the game starts at 7:00. If you come alone, we'll do our best to match you up with someone else to play.

Remember, this game is **FREE – EVERY WEEK!** Come out and play and meet other people who are just learning! Practice your game in a low-key, friendly environment!

**FREE** snacks! **FREE** soft drinks and coffee! **FREE** parking!

Take advantage of this great offer. Mark Thursday nights on your calendar. If you can't come every week, come when you can! Questions? Email Ron Kral at [Easybridge@NVBA.org](mailto:Easybridge@NVBA.org), or call Ron at 703-478-0077.

Hope to see you there!

## Better Basic Bridge

by Ron Kral

**T**HIS SERIES of articles applies the concept of Pareto's principle to bridge. Pareto's principle is the "80/20 rule" – if you blindly apply the most common solution to a problem, you will get it right 80 percent of the time. All the other solutions taken together solve the problem only 20 percent of the time.

Newer players often have trouble recognizing and differentiating between similar situations and often select the wrong solution from several possibilities. Pareto's principle as applied to bridge (and paraphrased by me) states, "If you memorize one rule and apply it 100 percent of the time, you'll make the right play 80 percent of the time". This will improve your game in the short term, but you should realize that the words "always" and "never" are emphatically NOT in the bridge lexicon! As you play and read more, you'll start to recognize the subtleties of each situation and will learn when the alternative plays apply and when it's correct to deviate from the basic 80/20 rule.

In the last column, I discussed takeout doubles and the kind of shape needed. In this article, I'm going to talk about a defensive concept that many novice players get wrong time after time:

### KEEP EQUAL LENGTH WITH THE OPPONENT'S SIDE SUIT WHEN YOU HOLD A STOPPER

Your opponents end up in 4♠ and your partner leads the ♦K. Assuming you're leading Ace from AK and King from KQ, you know partner has the ♦Q. Dummy hits with:

♠ KJ84  
♥ 96  
♦ T82  
♣ AKQ6

Let's say you're dealt:

♠ 9  
♥ QT53  
♦ J763  
♣ 7532

Since you have the ♦J and it's safe for partner to continue the suit, you should play the ♦7 (using standard signaling methods), encouraging. Declarer ducks the first round of diamonds. Partner, knowing you have the ♦J, continues with the ♦Q. Declarer wins the ♦A and proceeds to reel off four rounds of spades. After following to the first spade, you need to make three discards.

What do you discard?

Well, you can easily pitch a small diamond, keeping the ♦J to cover

continued on page 14

**Better Bridge Basics** - continued from page 13

dummy's 10. But on the third round of spades, you need to decide – pitch a small club or a small heart?

The correct play is the ♥3. When declarer leads a fourth round of spades, pitch the ♥5! YOU are the only one in your partnership who can “protect” the clubs – your ♣7 is higher than dummy's ♣6. You MUST protect what you can see (**KEEP LENGTH WITH DUMMY!**) and hope that partner can protect the hearts. Many novices look at the “quality” of the hearts and clubs and decide the clubs aren't worth keeping. Pitching **EVEN ONE** club will get your side a bad result, since now declarer will lead a club to dummy, play the clubs from the top, and get an additional trick (and pitch) when dummy's fourth club sets up. Allowing this overtrick at pairs will cost you many matchpoints. Note that you pitch a SMALL heart to tell partner HE is responsible for protecting the hearts.

The corollary is, if you hold, say, four spades and you KNOW declarer holds four spades in the closed hand (based on the bidding), YOU are responsible for protecting spades and you must discard accordingly – cling to all four of your spades until you see declarer pitch one. Keeping length with dummy and declarer will improve

your matchpoint scores immediately.

### **Announcing a special prize at the 4th of July Alexandria Regional!**

Come and play on Saturday, July 1, in the Flight B Machlin Pairs play-through event or any two sessions of the 299er game and have a chance to win free hotel and convention registration fees at the October 2006 AARP Convention in Anaheim, CA. “The Road to Anaheim” is being sponsored by AARP in conjunction with ACBL and promises to be lots of fun, as there will be many “tournaments” at the convention for you to play in as well as attending AARP's informative sessions. All you need is an AARP membership and the top two percentage scores on July 1 to win—two pairs will qualify for this prize. See the NVBA, WBL, District 6, or MABC websites or look for the special fliers at your local clubs for more details.

## NVBA wants your Email Address!!

The NVBA would love to have your email address. We'll use it *sparingly* to notify you of upcoming bridge events. We will **NEVER** sell it or use it for anything BUT bridge related notices. We'd also like to send you the NVBA newsletter via email. This saves the unit significant time and expense. If you've already registered your current email address with the ACBL, you can stop reading now. BUT, if you haven't registered, OR you've recently changed your email address, here's how to update it – get online and go to [www.ACBL.org](http://www.ACBL.org) (NOTE: **.org** NOT **.com**). In the upper left corner of the ACBL home page, click on "My ACBL". If you've never registered your information with the ACBL, click on "Click Here" in the bottom box to register. If you're already registered, sign on with your player number and password. Once signed on, click on "Change my email address" and follow the instructions. Eventually, that information will filter down to us in the unit. OR, if you DON'T want to register with the ACBL, you can send an email with your name and newsletter preferences (paper only, email only or both) to: **Newsletter@NVBA.org**. We'll update our local database. The NVBA board encourages you to register to receive the newsletter via email only, and so we can notify you of upcoming events.

## Life Master/Non-Life Master game

It's that time of year again... Mark your calendar – May 18 is the annual Life Master/Non-Life Master game. This is the week IMMEDIATELY AFTER the annual meeting on May 11th. Everyone comes without a partner, and we match up people with less than 300 masterpoints with a Life Master. We stratify the game so everyone has a chance to win. **WE NEED BOTH LMs AND NLMs** to come out for this. This is a fun event where you get to meet some new people in the "other" game. We will have signup sheets at the annual meeting so we can get an idea of how many people plan to participate. Last year, we had too few LMs, so it's especially important for the Life Masters to come out and support this event. For any non-LMs who do not want to participate, we will run a small novice game if necessary. Questions? Email **Newsletter@NVBA.org** or call Ron Kral at 703-478-0077.
